Descripción:

In compliance with applicable Laws and Regulations, Public Buildings Authority (PBA) invites all interested individuals and firms (natural and legal persons), which are capable to comply with the minimum requirements to contract with the Government of Puerto Rico, to submit qualifications statement and proposal response for A/E design professional services and construction works (design and build services) related to proposed modernization and general repairs to police stations indicated above. Said requirements are stipulated by Act No. 73-2019, as amended, known as Ley de Administración de Servicios Generales para la Centralización de las Compras del Gobierno de Puerto Rico del 2019, as well as Regulation No. 9230 of November 18, 2020, as amended, issued by Puerto Rico General Services Administration (ASG, as Spanish abbreviation by initials) and known as Reglamento Uniforme de Compras y Subastas de Bienes, Obras y Servicios no Profesionales de la Administración de Servicios Generales del Gobierno de Puerto Rico. All prospective bidders shall comply with all requirements to contract with the Government of Puerto Rico, in compliance with all latest applicable decrees, orders, legal decisions, and resolutions. Requested professional services and construction works, which PBA intends to award with one (1) contract per each project (per each police station) include, but are not limited to the following items:
a) Preparation and submission of construction drawings, technical specifications, and cost estimates for proposed modernization and general repairs of above-mentioned police stations.
b) Preparation and submission of all documents required for the approval of permits & endorsements for said proposed modernization and general repairs.
c) Performance of all construction works needed to complete proposed repairs, improvements, and modernization of civil architectural facilities, mechanical systems (plumbing and air conditioning), and electrical systems (electric power supply & distribution, illumination, and voice/data communications). All professional design services and construction works shall be provided and performed in accordance with Contract Documents submitted as part of this RFP, and all updated applicable federal, state, and local construction standards, codes, laws, and regulations
